Dear Friends,

Welcome to a new connexional year. If you are reading this then you have picked up a copy of the plan and you may be wondering what the next year might bring. Well let me say I believe this year as churches, circuit, district and connexion we have much to challenge us. The first question we must ask ourselves as disciples of Christ is a simple one. "Where am I in my relationship with God?" "to be quickly followed by "How is my prayer life?" everything we do and are, stems from these two questions. One can often tell the temperature in churches when faith is evidenced by a willingness to engage with God, to be empowered by his Holy Spirit and to see and react to the challenges before us

There are challenges for the churches and our first priority is to make new disciples. I pray that every church will do that this next year. It is possible. Having no permanent superintendent as I will be titular superintendent until next summer will be challenging for you, me and the staff as we work together with the circuit stewards and Local preachers and worship leaders. We will do this to make sure that worship is of the highest quality and that we cover all the regular meetings, so do please pray for us. I am counting on you all during this challenging time.

It's the year when we have to study together and make decisions on the "God in love unites us" report that went to conference this year. We need to make special provision so that all voices can be heard as we look together at what impact this report will have as we discuss together, cohabitation, same sex marriage, the traditional understanding of marriage and of what constitutes a loving relationship. Of course within the Methodist church as we are a broad church we live with many contradictory convictions, however, we are determined in this district as we owe it to each other as valued children of God to listen carefully to each other, to treat each other with respect and to act

with grace towards each other as we make our choices which we will send to conference in 2020. More guidance about how we will carry out our consulting will be available by synod in September. The district will host three more events in the autumn so we can learn more together. So, lots of challenges ahead of us, but God is good, and we are more than up to the challenges set before us and I very much look forward to sharing with you all in the coming months.

God bless, Loraine

Plan Information

All information from churches and preachers for the December, January and February plan should be sent to the circuit administrator by 14th October 2019.

Preachers are reminded of Standing order 563 (2) (iv): *to inform the Superintendent of any occasions on which they cannot be available for appointments on the forthcoming circuit plan.*

Therefore, preachers are required to submit their availability by 14th October 2019 otherwise it will be assumed they are available on all Sundays.

Churches should note that whilst information they submit will be taken into consideration the final responsibility for the plan lies with the Superintendent Minister and preachers will be planned according to need.
